

BetaNXT Acquires Delta Data, Provider of Streamlined Investment Fund Solutions for Distributors, Asset Managers and Transfer Agents

Acquisition Strengthens BetaNXT's Ability to Further Simplify Complex Investment Fund Operations While Increasing Transparency and Reducing Risk

New York, NY—May 23, 2025—[BetaNXT](#), a provider of wealth management technology solutions with real-time data capabilities and an enhanced advisor experience, announced today certain affiliates of BetaNXT have acquired Delta Data, a provider of global investment fund solutions. With the acquisition, BetaNXT continues to strengthen its ecosystem of wealth management technology solutions.

Delta Data is expected to expand BetaNXT's suite of product capabilities with:

- trade management, mutual fund sub-accounting and revenue management for wealth managers;
- transfer agent functionality, fee management and compliance tools for asset managers.

"We are always enthusiastic about acquiring enterprises that improve the client experience," said **Bob Santella, CEO of BetaNXT**. "Delta Data's products, and commitment to simplifying investment fund processing and oversight through innovative technology that enables data connectivity, will enhance our ability to address pain points for a broader spectrum of clients in the asset and wealth management industry." Founded in 1985, Columbus, GA-based [Delta Data](#) specializes in providing operational software solutions tailored to three primary segments of the asset management industry—fund distributors, asset managers and transfer agents. Its technology supports and streamlines mutual fund transaction processing and related data management, driving efficiency and mitigating risk. Its existing customers include four of the top 10 U.S. banks, three of the top five U.S. retirement plan recordkeepers, and 23 of the top 25 U.S. asset managers.

Backed by Clearlake Capital Group and Motive Partners, BetaNXT brings together wealth management solutions into a single, integrated platform. Delta Data's technology solutions will be fully integrated with BetaNXT [DataXChange](#), which simplifies the exchange of data for wealth management firms and their partners. By streamlining all data within a flexible and connected experience, DataXChange helps optimize what that data can do for fund distributors, asset managers and transfer agents, as well as their clients and partners.

"Joining forces with BetaNXT is the next logical step in our ongoing growth and expansion," said **Cameron Routh, CEO of Delta Data**. "We believe that BetaNXT's solutions, which power the Connected Wealth experience, will take our offerings for the mutual fund and
